

Guiding Principles — STAR Worksheet

Kaynak: <https://www.getyourguide.careers/guiding-principles>

Resmi STAR: <https://www.getyourguide.careers/posts/how-to-land-your-dream-job-40-easy-actionable-tips-from-the-hiring-team-at-getyourguide>

Her kartı **90 saniye** konuşacak şekilde doldur. Metrik zorunlu.

Kart şablonu

Principle:
Story title:
Situation (2 cümle):
Task (senin sorumluluğun):
Action (3–5 madde, "I ..." ile):
Result (sayı / % / süre):
Engineering Principle bağı (opsiyonel):
Follow-up'a hazır detay:

1. We act customer-first, not me-first

Principle: Customer-first
Story title:
Situation:
Task:
Action:
-
-
-
Result:
Engineering Principle bağı:
Follow-up:

İpucu: Checkout fail, wrong price, stale availability, support ticket spike.

2. We use curiosity as our compass

Principle: Curiosity
Story title:
Situation:
Task:
Action:
-

-
-

Result:

Follow-up:

İpucu: Root-cause'u varsaymadan log/metric ile anlama; "neden" diye bir katman daha.

3. We aim high and follow through

Principle: Aim high & follow through

Story title:

Situation:

Task:

Action:

-
-
-

Result:

Follow-up:

İpucu: Ambitious delivery + ownership to production; yarım bırakmama.

4. We navigate with agility

Principle: Agility

Story title:

Situation:

Task:

Action:

-
-
-

Result:

Follow-up:

İpucu: Scope cut, incident pivot, feature flag rollback, "done > perfect" bilinci.

5. We choose growth over comfort

Principle: Growth over comfort

Story title:

Situation:

Task:

Action:

-

-
-

Result:

Follow-up:

İpucu: Yeni domain, public talk, on-call lead, PHP → Java, FE'ye yardım.

6. We build bridges, not islands

Principle: Build bridges

Story title:

Situation:

Task:

Action:

-
-
-

Result:

Follow-up:

İpucu: PM/Design/Data ile conflict → ortak metrik; başka takımın API'sini unblock.

Senior ekstra kartlar

Mentorship

Story title:

Who / level:

What you did:

Their outcome:

Your learning:

Production incident

Detection:

Mitigation:

Root cause:

Prevention:

Customer impact numbers:

Technical trade-off

Options:

Chose:

Why:
What you'd revisit:

Feedback (upward / peer)

Situation:
How you gave/received:
What changed:

Glassdoor'dan gelen klasiklere map

Soru	Hangi kart(lar)
Past mistakes	Curiosity + Growth + Incident
Feedback to supervisor	Bridges + Customer-first
Proudest project	Aim high
Left comfort zone	Growth
Worst code	Growth + Improve it
Trade-off	Agility + Engineering pragmatism
Collaborate with PM/FE	Bridges

Pratik rutini

1. Kartları yaz (gün 1)
2. Sesli kaydet (gün 2)
3. 90 sn'ye indir (gün 3)
4. Arkadaşa mock: rastgele principle sor (gün 4)
5. Mülakattan 1 gün önce sadece başlıkları gözden geçir

Red flags (kaçın)

- "Biz yaptık" deyip "I" net değil
- Metriksiz sonuç ("daha iyi oldu")
- Principle'ı hiç anmama
- Sadece success; failure yok
- Başkasını kötöleme
